

Pewter Traditional Letterbox=

Pewter Traditional Letterbox 91527

Product information

Overall Size: 315mm x 92mm

Opening Size: 249mm x 41mm

Fixing Centres: 283mm

Additional information

For composite and upvc doors we would recommend using our door letterbox which is supplied as a full kit and contains a tunnel and brushes to reduce drafts and insulate the door. The sleeve inside the letterbox also protects the door from moisture and masks the aperture cutting.

Our pewter finish is elegant and beautifully highlights the texture of the steel. The unique and complex process runs deep into the metal resulting in an unmatched contrast of texture and colour.

Designed to match our other pewter front door furniture to create a feature entrance door.

Maximum door thickness: 72mm. Minimum door thickness: 42mm.

Supplied with matching bolt through fixings.
