

Alukap-XR 60mm Gable Bar Brown=

This Alukap®-XR Gable Bar provides the perfect glazing finish to a gable end rafter for the sides of any roof. Roof glazing has always been a challenging task; rewarding if it goes well, and expensive if it doesn't. ALUKAP®-XR puts paid to uncertainty. Alukap®-XR is a fully aluminium system, and with a proven gasket system providing superior sealing capabilities, concealed fixings giving excellent aesthetics and reduced installation time, it's an all-round winner. The Alukap®-XR bar comes with the top two gaskets, and end cap and all the screws you require. Optional 45mm and 55mm rafter base gaskets can be ordered separately.

- Concealed-fix Rafter Top Glazing System
- Professional Gable Edge Detail Glazing System
- Full Aluminium Cover Cap Covering Fixings
- Pre-lubricated Gaskets
- Supplied with metal endcap, all screws and gaskets
- Robust and long-lasting aluminium
