

Wafer head screw

Large head gives neat decorative finish

which doesn't pull through the surface

Ideal for securing sheet materials in joinery, carcass assembly and shop fitting applications.

Sharp point - quick start in manmade boards & timberfix® thread geometry reduces splitting

Low profile head allows adjacent boards to fit neatly whilst giving a more secure fix than countersunk screws

Wafer head performance screw for use in most materials and nylon plugs

Driver bit included

ROHS and REACH compliant
