

Professional deep hole marking out pencil kit AMK1

The perfect choice for professionals and DIY enthusiasts alike.

Thanks to its unique 120mm retractable, interchangeable leads, the ACER deep hole pencil can mark through holes in beams and joists with ease. The 6 Lead Pack includes yellow leads for marking darker surfaces, making the pencil even more versatile. Whether you are a plumber, electrician, handyman, tiler, roofer, kitchen fitter, bathroom fitter, carpet fitter, carpenter, joiner, cabinet maker... the ACER Marker Pen and Pencil is the ultimate tradesman's mark!
