

Anvil Shropshire Fastner Pewter=

Product information

Overall Length: 110mm

Handle Length: 91mm

Fixing Plate Size: 57mm x 21mm x 6mm

Mortice Plate Size: 77mm x 20mm x 2mm

Additional information

The shropshire fastener is heated in fire then hammered on an anvil into a leaf like shape. The mild steel is then finished in our popular pewter patina finish.

Our pewter finish is elegant and beautifully highlights the texture of the steel. The unique and complex process runs deep into the metal resulting in an unmatched contrast of texture and colour.

Designed to fit casement windows and match the shropshire stays in the range.

Reversible design and includes a mortice plate to fit on left and right handed windows.

For windows with a central mullion the hook plate must be ordered separately.

Suitable for use with weather-stripped windows.

Supplied with matching wood screws.
