

Self-Drill Pan Head Drywall Screws

Self-Drilling Pan Head screws designed for the assembly of drywall track and ceiling track systems.

Features:

- Deep, stick-fit, Phillips 2 recess, reduces dropped or misaligned screws, providing fast, efficient fastening.
- Thread configuration ensures clean, smooth, low torque installation; fully formed for maximum holding power.
- Superior corrosion protection to ensure long term fastener integrity. Electroplated zinc.
- Case hardened carbon steel.
- Super hard and sharp drill tips ensure fast drill times.
- Premium PH2 screwdriver insert bit provided in plastic bag at top of every box.
